Note: Shipboard deployments on foreign vessels are NOT exempt from the deployment-related health assessments.

UNCLASSIFIED

Commander Directed DHAs

- **NORTHCOM - DRHAs are required for deployments to Southern Border Operations.**
 - **ASD HA Memo, 6 Mar 2025 – Completing DRHAs Associated with Deployment to Southern Border Operations.**

- **Unit identifies Service members involved/associated with the deployment/incident and directs completion of the DHAs in EHA based on DHA compliance timeframes.**
- **Unit representative with MRRS access (usually medical) creates the DHA requirement in MRRS Deploy tab and monitors compliance.**
- **USFF BUMED DHA FM can assist in mass upload of DHA requirements in MRRS and can track/provide compliance update per EHA and MRRS upon request.**
 - **To assist, Unit POC provides a roster of Service members involved in the deployment to USFFC (EA for DHA per OPNAVINST 6100.3A). The roster must include the following information: Name, Rank, DoD ID, Theater Entry Date, Theater Departure Date, Destination COCOM, and Deployment Location/Country.**

UNCLASSIFIED

Commander Directed DHAs

For the Marine Corps

- Due to the nature and ability of UDPs and MEUs to be redirected to “hotspots,” Marines on UDP or MEU require the Pre-DHA DD2795 regardless of where they are permanently stationed or coming from.
- Marines on exercises which are outside the U.S. for greater than 30 days require DRHAs.
- Embassy Security Guard Marines are required to complete DRHAs unless the country location is on the Enduring Locations Master List.
- Marines deploying to Bahrain, regardless of location within the country, are required to complete the DRHAs.

Complete a Deployment Health Assessment

Completing a DHA (Pre-DHA/DD2795, PDHA/DD2796, or PDHRA/DD2900) is a two-part process:

- 1) Fill out and submit the DHA form online via the EHA Web application at <https://eha.health.mil/eha/>. **For PDHRA only:** Reserve component and Active component Service members remotely-located (TriCare Prime Remote enrolled and without access to a military treatment facility (MTF)) can utilize the DoD RHRP contract support services, QTC, to complete the PDHRA/DD2900. The Service member must register on the QTC portal first using the following link <https://smp.qtcm.com>.
- 2) Once the DHA is submitted on-line, please schedule a person-to-person assessment with a medical provider at the nearest MTF to have your DHA medically certified. **For PDHRA only:** Reserve component and Active component Service members remotely-located (TriCare Prime Remote enrolled and without access to an MTF) can utilize the DoD RHRP Call Center at 1-833-782-7477 for medical certification.

For issue logging-in to EHA, contact the Help desk: (757) 900-9050 or (757)953-0737 or email at usn.hampton-roads.navmcpubhlthcenpors.list.nmcphc-pha1@health.mil

For Sailors supported by other Services' medical facility, the DHA can be completed in MEDPROS (Army) or ASIMS (Air Force).

CUI-PII DHA 20 Feb 2025 PDHA-JanFeb25_PDHRA-AugSep2024 BW.pptx
 .pptx File

Good afternoon BSO & TYCOM POCs.

BLUF: TYCOMs be aware of the command/commander directed DHA requirements for your redeployers. Completing the assessments within the defined timeframes is important and applies to the compliance rate. Just completing them outside of the defined windows (PDHA: +/-30 days of redeployment, PDHA: between 90 and 180 of redeployment).

Two important items in this correspondence: DHA February Biweekly Update (20 Feb 2025), and PDHRA Long Overdue Lists (20 Feb 2025).

1) DHA Biweekly Update - February 2025

NOTE: The data included in this update is reflected on MRRS data of 20 February 2025. PDHA & PDHRA compliance rates are reflected accordingly on the attached slides. Navy-wide PDHA compliance rates for January 2025 Redeployers is 66% and February 2025 is 56%. Navy-wide PDHRA compliance rates for August 2024 Redeployers is 26% and September 2024 Redeployers is 1%. All compliance rates are **Unsatisfactory**. Refer to your respective BSO & TYCOM for compliance rates. This update provides you with a snapshot of where your respective BSO's status. As you would imagine, "Unsatisfactory" compliance rates are unacceptable. Providing you with this information arms you with more than enough information for your subordinate UICs to improve their compliance rates per established policy.

The attached DHA Biweekly Update provides you with ample information for your subordinate units to effect changes to improve compliance rates where needed. Direct your attention and action for each assessment in the slide deck which provides not only the numbers of statuses, but also and most importantly, an Excel spreadsheet of the individuals that have a DHA requirement to be completed, whether it is Due, Overdue or Long Overdue.

2.) PDHRA Long Overdue Reports

The PDHRA Long Overdue Report (20 February 2025) is also attached for your action. This report is sent often for your organization to make an urgent and defined reduction of the 424 long overdue PDHRAs (last month 467). Remember, they do not go away. We ask that you make removing these long overdue PDHRA a part of your and your subordinate commands' priorities in the near term.

Should you have any questions do not hesitate to contact me.

Stay well.
