- **Unit representative with MRRS access (usually medical) creates the DHA requirement in MRRS Deploy tab and monitors compliance.**
- **Unit POC provides a roster of Service members involved/associated with the deployment to USFFC (EA for DHA per OPNAVINST 6100.3A). The roster must include the following information: Name, Rank, SSN, DoD ID, Theater Entry Date, Theater Departure Date, Destination COCOM, and Deployment Location/Country.**
- **USFF DHA POC can assist in tracking compliance per EHA and MRRS and can provide compliance update upon request.**

# Commander Directed DHAs

## For the Marine Corps

- Due to the nature and ability of UDPs and MEUs to be redirected to “hotspots,” Marines on UDP or MEU require the Pre-DHA DD2795 regardless of where they are permanently stationed or coming from.
- Marines on exercises which are outside the U.S. for greater than 30 days require DRHAs.
- Embassy Security Guard Marines are required to complete DRHAs unless the country location is on the Enduring Locations Master List.
- Marines deploying to Bahrain, regardless of location within the country, are required to complete the DRHAs.

# Complete a Deployment Health Assessment

Completing a DHA (Pre-DHA/DD2795, PDHA/DD2796, or PDHRA/DD2900) is a two-part process:

- 1) Fill out and submit the DHA form online via the EHA Web application at <https://eha.health.mil/eha/>. **For PDHRA only:** Reserve component and Active component Service members remotely-located (TriCare Prime Remote enrolled and without access to a military treatment facility (MTF)) can utilize the DoD RHRP contract support services, QTC, to complete the PDHRA/DD2900. The Service member must register on the QTC portal first using the following link <https://smp.qtcm.com>.
- 2) Once the DHA is submitted on-line, please schedule a person-to-person assessment with a medical provider at the nearest MTF to have your DHA medically certified. **For PDHRA only:** Reserve component and Active component Service members remotely-located (TriCare Prime Remote enrolled and without access to an MTF) can utilize the DoD RHRP Call Center at 1-833-782-7477 for medical certification.

**For issue logging-in to EHA, contact the Help desk: (757) 900-9050 or (757)953-0737 or email at [usn.hampton-roads.navmcpubhlthcenpors.list.nmcphe-pha1@health.mil](mailto:usn.hampton-roads.navmcpubhlthcenpors.list.nmcphe-pha1@health.mil).**

**For Sailors supported by other Services' medical facility, the DHA can be completed in MEDPROS (Army) or ASIMS (Air Force).**

**Please visit <https://www.usff.navy.mil/dha> for Navy Deployment Health related information.**

CUI-PII DHA 18 Oct 2024 PDHA-SepOct\_PDHRA-AprMay2024 BW.pptx  
.pptx File

Good afternoon/morning BSO & TYCOM POCs,

Two important items in this correspondence: DHA October Biweekly Update and PDHRA Long Overdue List.

BLUF: Commander CSG-2 has mandated completion of PDHA/DD Form 2796 and the follow-on PDHRA/DD Form 2900 for Sailors that deployed under CSG-2. The ships involved have provided rosters for the Sailors who are affected by this mandate. Some deployed under TEMADD orders to these ships and some of the permanently assigned Sailors to these ships have since PCS'd to other commands. To help track these TEMADD or PCS'd Sailors, we have highlighted their names in yellow in the attached spreadsheet. If any of these Sailors are under your command, please direct them to complete the appropriate deployment health assessment as noted in the spreadsheet.

### 1) DHA Biweekly Update – 18 October 2024

NOTE: The data included in this update is reflected on MRRS data of 18 October 2024. PDHA & PDHRA compliance rates are reflected accordingly on the attached slides. Navy-wide PDHA compliance rates for September 2024 Redeployers is 63% and October 2024 Redeployers is 52%. Navy-wide PDHRA compliance rates for April 2024 Redeployers is 50% and for May Redeployers is 26%. All compliance rates are Unsatisfactory. Refer to your respective BSO for compliance rates. This update provides you with a snapshot of where your respective BSO's status. As you would imagine, "Unsatisfactory" compliance rates are unacceptable. Providing you with this information arms you with more than enough information for your subordinate UICs to improve their compliance rates per established policy.

NOTE: For the compliance rates to achieve anywhere near the 95% compliance rate, established by DoD, it is vital that your leadership, at the BSO level, is fully engaged. If you are having challenges with your subordinate commands, your leadership would certainly not. Commanding officers at the UIC levels are ultimately responsible for their Sailors. It appears that based on these compliance rates, for some, that they are failing their Sailors. Refer to OPNAVINST 6100.3A, Deployment Health Assessment Process, for the governing document that provides unit commanding officers and their DHA responsibilities for their Sailors.

The attached DHA Biweekly Update provides you with ample information for your subordinate units to effect changes to improve compliance rates where needed. Direct your attention and action for each assessment in the slide deck which provides not only the numbers of statuses, but also and most importantly, an Excel spreadsheet of the individuals that have a DHA requirement to be completed, whether it is Due, Overdue or Long Overdue.

DHA compliance rate thresholds: Satisfactory: >= 95%; Needs Improvement: 80 – 94%; Unsatisfactory: <80%
